

Re: Docket# 98N-1038, "Irradiation in the Production, Processing,
and Handling of Food."

I want the FDA to continue prominent labeling of food that has
been treated with irradiation. The label should be conspicuous and
include the logo for irradiation.

Your Signature: Gunn L. Kobus-Shepard

Additional comments: Truth in food labeling
would be deliberately withheld if FDA
doesn't continue to label irradiated foods as such.
